

AUSTRO-GERMANS MAY BE PLANNING BIG DRIVE TOWARD PETROGAD, RUSSIA'S CAPITAL

**Baltic Flank of Armies of Kaiser
Under General Von Hinden-
burg, 300 Miles from
Petrograd.**

London, Aug. 12.—The Baltic flank of the German armies under Field Marshal von Hindenburg has virtually attained the banks of the River Dvina, between Riga and Dvinsk, with Petrograd less than 300 miles away.

Then southward between these points, the line sweeps west with the Russian fortress of Kovno still holding out, but next week may see a great battle on the road toward the capital.

The second line of defence upon which the Russians proposed to fall back after abandoning Warsaw has all the appearances of having been rendered untenable, and the British and Russian Press is beginning to see in the Austro-German plan an ambitious plunge, with Petrograd as the goal.

In the meantime the Russian rear guards are fighting desperately, especially in the critical Dvina region and at Kovno, to capture which the Germans are making a terrific sacrifice of

men.

It seems plain the Germans' purpose is for a great demonstration in the West, but they intend rather to press now to the utmost their developing Russian campaign on the theory that conditions in the west are such that neither the French nor the British immediately will attempt a general defensive.

During the lull on the front in France and Belgium the British public is looking to the Dardanelles to bring the relief Russia seeks, though the task of opening the Straits remain a difficult problem.

COUNTY TAXES ARE \$63,742.14

Tax Collector Smith Hall had a settlement with the County Board of Commissioners today, it being shown that he county taxes for the year 1914, on real and personal property, amounted to \$63,742.14. The Commissioners adjourned this afternoon, having been in session for several days.

:: SUMMARY OF WAR STATUS ::

Berlin reports a French airship raid on Zweibruecken and Saint Ingbert, in Rhenish Prussia, to the northeast of Nancy, in which eight persons were killed by bombs. The property damage is said to have been small. Saarbruecken, in the same section, was bombarded by French ships last Monday.

Frequent attacks on Austrian positions in Cadore are reported from Rome, which declares that the Italians have held all their recently taken positions. On the Carso plateau the Italians claim a substantial gain in the Seibitz zone, although admitting they were unable to hold a position on strongly fortified heights within

the Austrian lines, captured in a charge. In Carnia small advances are recorded.

Former Premier Venizelos of Greece, has returned to Athens, where the pronouncement of his policy is expected to have an important bearing on the Balkan situation. It is considered doubtful if this will be made until the opening of the Greek Parliament August 16.

The Paris war office reports a renewal of German attacks in the Argonne, where the French lines were penetrated at one point yesterday. Last night's assaults are declared to have been completely repulsed.

FRENCH UNDER SECRETARY OF WAR CONFIDENT OF VICTORY

Paris, Aug. 12.—Albert Thomas, Under Secretary of War, in charge of munitions, tells the Petit Parisien that France's efforts to produce munitions are different in method but equal in results, to those of England, which he recently viewed. The newspaper quotes him as follows:

"We have an army which at the present moment is armed as to withstand any shock, an army which, on the other hand, is capable of making a strong offensive. Its morale is good, that is to say, the army is prepared

to remain as it is if necessary. "Every day our strength grows, both in England and France. Notwithstanding the formidable resources at the disposal of Germany, it is not possible that the resources of the allies will not assure them when the time is ripe for complete victory. What we have, what England has and will have—all the resources that she can create—will assure us supremacy. I am convinced of this because I know. Every day I repeat to my friends my conviction that we shall be victorious."

SAYS MARKETS COULD BE HAD

How Houston County may produce a variety of farm products, market them profitably and obtain more equitable railroad rates, was the theme discussed by B. P. Miller, of Moultrie, Ga., at the court house this afternoon.

Mr. Miller told of the old mistake of telling a farmer to plant potatoes, and then when marketing time came, not being able to tell the farmer where to sell them. He explained how the local market is soon loaded, with the various products of the farm, thereby causing other farmers to have to carry their products back home. Out of town markets must be obtained for such products, and some one must be constantly in communication with a large number of buying points to bring about a disposal of the different products, he explained.

Mr. Miller said he spent 26 years in the traffic department of a railroad, and that it took a man with such experience to be qualified to represent the people in securing better rates from the railroads. The oft-repeated discriminations against Dothan were pointed out by some of those in the audience, one of whom raised the point that the rate on a box of oranges from some point in Florida to a nearby town is about 50 cents more than it is to New York. The rate question was thoroughly discussed.

How He Would Start.

Mr. Miller was asked how he would start about marketing a crop of potatoes, syrup, and such crops in this county. He said he would first get the farmers together and get them to plant so much of certain crops, then he would get busy with the different buying points and sell these products. He named a large number of such markets. Mr. Miller also believes that much better railroad rates could be secured here.

Mr. Miller told how Colquitt county, Ga., is producing and selling in peanuts, potatoes, syrup, etc. He said that last season some 400 barrels syrup were shipped from one Georgia point. He gave instances of the headway that has been and is being made in the movement in his section of the State.

FOREIGNERS REPORTED SAFE AT VERA CRUZ

Washington, Aug. 12.—General Carranza cabled to his agency here to deny all reports that foreigners are in danger in Vera Cruz, and other parts of Mexico controlled by his forces. Carranza stated that he would afford ample protection to all foreigners, whatever their nationality and that reports that their lives were in danger were lies.

BLOW UP TRAIN

Washington, Aug. 12.—Zapatistas blew up a passenger train in the northern part of the state of Vera Cruz, killing fifty passengers and the military guard, advices to the Carranza agency here today stated.

AMERICANS IN ARMS ALONG TEXAS BORDER

Brownsville, Texas, Aug. 12.—Practically every American citizen in three southernmost counties of Texas, Cameron, Hidalgo, and Starr, is resting under arms in fear that the overwhelming Mexican population of this section may break out in a racial fight.

Reports received here up until tonight indicated that the Mexican disturbance spread rapidly westward today until rumors of trouble developed at Laredo, two hundred miles up the border from this place. The arrival of troops in force from Laredo apparently had bearing on the shift of the bandits into the less populous sections between here and Laredo.

Texas Territory Sought

The belief here increased today that the movement is in reality an attempt to turn back part of Texas to Mexican control. Army and federal investigators it is declared here, have received information that he organizers of the trouble are working under the plan of San Diego, which calls for the death of every American male over 16 years of age, in communities along the Rio Grande and also along the border of New Mexico, Arizona and California. It has been reported to Major General Frederick Funston that more than 3,000 Mexicans are pledged to this organization already.

Federal officials last winter nipped one attempt to put this revolution into effect when they arrested a Mexican on charges of sedition, discovering in his possession details of the plan which were published at the time.

Rangers in Hidalgo county, pursuing some of the gang which killed an American trooper near Mercedes last night, today captured a flag bearing the words in Spanish:

"Army of Liberation for Mexicans in Texas."

Authorities here tonight are watching the river below Brownsville about ten miles at a point where it was reported several hundred armed Mexicans had gathered on the Mexican side of the Rio Grande, waiting to cross the river under darkness.

Officials here have reports that 1,700 former Carranza soldiers have crossed the river along a zone 120 miles wide, as the crow flies, from a point below Brownsville to Rio Grande City, up the river. There are said to have been at least thirty different crossings.

Reports that politicians on the American side were responsible for the uprisings aroused much resentment here. At San Benito, a mass meeting of protest was held. On June 4 speakers at this meeting declared the wretchedness of war had been informed that trouble was likely to break out on the American side from this

Archy McDonald, of Taylor, route 1, was here today.

TURK CRUISER GOEBEN SHATTERED BY TORPEDO

London, August 12.—A Daily Telegraph dispatch from Athens says the Turkish cruiser Goeben (renamed Sultan Selim after her purchase from Germany by Turkey) has been torpedoed by an allied submarine near the Bosphorus.

The dispatch adds that the crew ran the cruiser aground in a narrow creek, where workmen are building a dike all around her to enable repairs to be made.

FULLER ON WAY TO GAY 'FRISCO

Colton Fuller, a well known young man of this city, who is on his way to San Francisco in a Ford, has written a letter to a friend, the letter being mailed at Saint Genevieve, Mo. Fuller went a part of the way by rail, but is now making the trip overland in an automobile.

Saint Genevieve is 75 miles from St. Louis, where Fuller says he will get on the National Highway. He writes that he is almost sure of a position in the automobile department of the Bosworth Film Co., at Los Angeles, Cal.

source.

Funston Reports on San Diego Plan.

San Antonio, Texas, Aug. 12.—Major General Frederick Funston has sent a report on the border troubles showing that the bandit leaders are enticing Mexicans under the "Plan of San Diego," which calls for the death of every American male over the age of sixteen years in the Texas territory bordering on the Rio Grande and along the border of New Mexico, Arizona and California. This would be followed under the plan by the seizure of these states and the establishment of a republic for Mexicans, negroes, Japanese, and Chinese. The seizure of the Rio Grande valley country, once a part of Mexico, was to be the first step.

The portion of Texas which the supporters of the San Diego plan would restore to Mexico, embraces 21,514 square miles, and, according to the census of 1910, includes 146,538 inhabitants. Of this number more than 60 per cent are Mexicans. A great percentage of these people do not know how to read or write.

For the past two years disaffected Texas-Mexicans and refugees from across the border are said to have been spreading the principles of the plan.

General Funston's information is said to be that normal conditions will not be restored in the valley and the rebellion quelled until enough troops are distributed to form a sufficient guard for every village in the Brownsville territory.

Neither Carranza nor Villa soldiers are figuring in the disturbance, it is declared.

U. S. ASKS DATA ON MUNITIONS

Washington, Aug. 12.—Announcement that the war department had asked American manufacturers of war munitions for data as to their facilities for furnishing supplies, particularly in the event of an emergency, led to some speculation here today, although officials explained that the action was in accordance with the usual practice, both in normal times as well as in war. The announcement declared emphatically that no purchase of war supplies was contemplated at present.

The step, it is explained, was made necessary because of the fact that practically every private plant in the country is taxed to its capacity filling orders from the warring nations of Europe. General inquiry has been instituted to ascertain whether expansion of facilities has kept pace with the demand and whether the government would be certain of a source of supply to supplement the output of its arsenals and armories which ordinarily produce only a part of the supplies needed.

It is expected that congress at its forthcoming session will enact legislation to strengthen the national defenses necessitating increased demands for supplies aside from any emergency that may arise.

LOOK WHO'S HERE

Promising Outlook

Many persons who keep in touch with the trend of events are looking hopefully towards the autumn. They believe that while there will be no spasmodic prosperity this year, that conditions as a whole will be better than they were last year. George H. Malone, a local banker, anticipates improved conditions. "I do not believe that there will be more money in circulation this Fall than was the case last Fall, but the crops have been made cheaper, and consequently, times will be better." That tells the whole story in a nut shell. This section may not have more money but will owe less, thereby scoring an improvement.

Agent Immigration.

"It is a strange thing for me

LABOR TROUBLES BOB UP AGAIN IN BRIDGEPORT

Bridgeport, Conn., August 12.—The labor troubles in this city and near by towns which gave promise of amicable adjustment have assumed a more serious aspect.

A walk-out of some seventy machinists and their helpers at the plant of the Lake Torpedo Boat company and a threatened strike today of about 800 machinists at the Farrel Foundry and Machine company's plant in Ansonia, were disturbing features.

The walk-out at the Lake plant came unexpectedly yesterday as it had been announced a short time before that the company's answer to the demands for an advance in wages, which was to have been delivered yesterday, had been deferred by agreement for twenty-four hours.

The reply of the Locomobile Company of America to the demand of about 800 of its employees for a readjustment of hours and pay was expected today.

Employers of the American and British company and the Standard Manufacturing company, have voted to present demands, the refusal of which, it was said, would mean a strike.

J. H. LANE DEAD.

J. H. Lane, a well known and respected citizen of Malvern, died this afternoon, according to news received by his son, Arthur Lane, a local barber. The particulars of his death were not learned.

J. T. Forehand, Ashford route 4, was a Dothan caller today.

to understand," said a well known business man today, "but it is a fact that farmers who come to this section from the East and West, are not as a rule, successful with their farm operations in this country. What we need in Southeast Alabama is more farmers from Georgia and the northern sections of the State. They seem to do better down here than those from the Eastern and Western States."

JEWS IN GERMANY DISPATCH DRAMATIC APPEAL TO AMERICA

Berlin, Aug. 12.—The Overseas News Agency says:

"The association of Jews in Germany has issued a dramatic appeal to America, drafted by Dr. Levi, a rabbi, for distribution in neutral countries. The appeal based on the fact that American shells are thrown by Russians in Polish towns believed to harbor German soldiers, says:

"Europe stands in flames. Across the ocean America lives at peace. She sees no thunder of cannon, nor hears. A fruitful rain of gold is falling on a land alone enjoying golden peace,

"We cry out to America. 'Thousands of the most loyal and industrial citizens come from towns being destroyed by the enemy which thou art sending, instead of gifts of money once sent back to childhood homes from Libau to Lemberg. Then send iron shells to supply the army of the Czar. Thou givest iron for gold, death for life to the Jacobite. The children are murdering their parents. America, thou hast the power. Thou art not fighting for existence. We implore thee to listen to this appeal.'"

Office: Eagle Building, East Troy St., Telephone No. 115.

Friday, August 13, 1915

To the sure all things are sure.

President Wilson has more burdens than backs to bear them.

Now is the time for all good gardeners to sow a turnip patch.

A hint to the wise is a waste of words.

Nothing is so big a failure as some kinds of success.

It must be getting cold in Poland, the Russians are running for cover.

An American battleship goes to Vera Cruz to do some watchful guarding.

The summer is passing and so are the old front page stars, Frank, Becker, the Colonel et al.

It is not only time, it's past time that the United States made Mexico behave.

No, Ca'tine, Admiral Fletcher is not the one who conducts the chewing school.

Those who marry for money may get it but usually they don't get anything else to go with it.

The charity that covers a multitude of sins is too often disphannous.

"I said in my haste, all men are liars." Since which time he doubtless took his time and said it slow.

If the Colonel gets in the presidential race he'll have the advantage of the other candidates because he hasn't stopped running.

If there were an organization of Klu Klux in some communities it could find plenty of work to do while the courts are busy delaying.

The politician who once voted a nigger with a bottle of whiskey now rounds up a bunch of self-disfranchised white men and commands them to "sign that affidavit and vote."

BRIAN MAN IN THE LEAD.

COLUMBIA, R. C., Aug. 12.—All newspaper returns show that William J. Bryan, of Spartanburg, S. C., is the leader, leading the way for the congress to meet at the Federal judge by the

The Vice Presidency.

Commercial Appeal.

With all the opprobrium that is heaped upon and all the fun that is poked at the vice president, whoever he may be, it would seem that the position would have few aspirants. But office is office, and the vice presidency carries a salary of \$12,000, with no work and no responsibility. It is really quite a neat berth for a man who is content to be side-tracked for four years, unless, in deed, a tragedy should befall the president.

Hence it is not surprising that so many people are looking enviously at Mr. Marshall's shoes, and wondering if there would be a chance to wear them.

There is no mention of any Democrat to oppose Mr. Wilson. Everybody believes he will run again, and nobody would dream of opposing him. But it is different with the second place on the ticket; there are already many entries, and the list is not closed.

The most spectacular of the probable candidates is James Hamilton Lewis—the "Jim Ham" of the incoherent writers. If there is one man who is, geographically, an all-round candidate, it is Mr. Lewis, for he was born in Virginia, studied law in Georgia; removed to Seattle and was territorial senator from Washington, and is now a Congressman by residence and an Illinois senator by election. Besides these four state residences, he has seen brilliant service as a member of the Alaskan boundary commission and served under General Fred Grant in Cuba in 1898. In 1900 he was a candidate for the vice presidency, receiving the endorsement of the Pacific slope states. His picturesque personality, aggressive manner and real ability have kept him much in the public eye.

Indiana will probably have two aspirants for this second place on the ticket. Tom Marshall will wish to succeed himself and will make a vigorous campaign. But Senator John W. Kern has heard the humming of the same little bee, and his friends say he will be found at the post when the starting time comes. Kern is a much older man than Lewis, and his state affiliations are bounded by Indiana, with the politics of which State he has been intimately connected. In 1908 he was Bryan's running mate on the national ticket, so that if he enters the race this time it will be his second trial for the office.

Some of Mr. Bryan's friends are urging him as the candidate, but his resignation from the cabinet showed that he could not "pull" with the Wilson policies. His chances for success would be worse than slim, even if he seriously considered the matter, which he does not.

The man who would probably get his support is Joe Folk, native of Tennessee, ex-governor of Missouri. Four years ago Mr. Folk's ambition soared to the presidency, but now the vice presidency looks good enough for him. He would be a popular candidate and would fill the office well, for he has courage joined to ability of a high order. If Champ Clark keeps out of the field and does not divide the honors and the votes with him, Missouri may be the mother of the next vice president.

But there is always a political wheel within a wheel; Champ Clark has no love for Bryan, and if Folk is Bryan's candidate strange things may come to pass

when the next Democratic national convention calls for nominees for Tom Marshall's place.

Cancer Prevention.

Chicago Journal.

Vermont has gone on strike against cancer. She has the highest death rate from this disease of any state in the union—1117 deaths per 100,000 population per year. The average cancer death rate for the registration area of the United States is 79 per 100,000, and that of North Carolina and Kentucky is only 48. Clearly, the doctors of Vermont have reason to make a concerted effort to see whether their state's bad preeminence in this malignant disease cannot be reduced.

It can, if Vermonters will listen to sound advice. There are two ways to lower the cancer death rate. One is to prevent cancer and the other is to catch it early and get rid of it by a radical operation.

Cancer comes from persistent irritation. What other factors may be present in the disease no one knows, but this factor is essential. The sore throat or tongue of men who smoke to excess, lump in the breast in women and ulcers of the stomach in both sexes are some of the frequent preludes to cancer. If every such sore, lump or ulcer had prompt, intelligent medical and surgical attention, there would be fewer cases of malignant disease.

Even after a cancer is established it can be cured by a radical, thoroughgoing operation. Delay is not merely dangerous, it is deadly. The death rate from untreated cancer is exactly 100 per cent. If every cancer patient would seek operative relief when he first begins to suspect something wrong, the death rate from this cause probably would be less than 20 per cent.

MOBILE MAN THANKS

A CHICAGO CHEMIST

Jerome Nicholas Suffered a Long Time, Then Found the Way to Health Quickly, Easily.

Here is the story of a man who long suffered with stomach trouble—how his health slowly failed and how in the end he made a rapid recovery—a joyous surprise.

Jerome Nicholas of Mobile for considerably more than a year knew he was not in good health.

One day, by good fortune, he learned of Mayr's Wonderful Remedy.

In a short time he found himself with new life and energy. He was so well pleased that he urged others to use this truly remarkable remedy. Part of a letter from Mr. Nicholas will tell you his experience.

"I received your medicine and was very anxious to continue the treatment. After taking three doses I felt better than I have felt in a year. I have passed several hundred gall stones, besides other secretions."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Mrs. W. U. Acree is visiting in Newton.

Before Cooking Potatoes, Wash Them.

Marian Harland advises the women about household affairs in nearly every issue of nearly every newspaper and magazine. She tells the women to first wash the potatoes thoroughly in good, clean water, and then proceed in the usual way to cook them.

On another page we find an article on Efficiency from Louis Brandies. Next to that, Dr. Woods Hutchinson attends to our health, and tells us to wash our teeth and hands frequently, and bathe our bodies oftener than we do.

Lillian Russell tells how to be beautiful, and another lady tells us how to dress. W. J. Bryan or Theodore Roosevelt tell us of our political duties. Dr. Crane or Oliver Sweet Marsden tell us of our moral duties.

There are also these givers of good advice in gardening, farming, poultry raising, flower raising, stock raising, etc.

Don't these people think we know ANYTHING?

I know hundreds of cooks who can cook all around Marian Harland, and who have never read Marian's advice. The best teachers in the practical affairs of life are not professionals, but practical workers. These teachers will give you the best advice without charge; Marian Harland, Bryan, Dr. Crane, Dr. Hutchinson, and all the rest, charge for suggestions known in every household and business place for centuries.—E. W. Howe's Monthly.

The San Francisco Failure.

Commercial Appeal.

The Panama-Pacific Exposition has, so far, been a decided failure. Artistically it is a wonderful achievement. In point of detail it has never been surpassed. A lack of patronage is the cause of the present unhappy condition of the San Francisco promoters. It is a sad blow to the pride of the native sons.

It is now reported that the exposition will be closed before the date contemplated.

There are logical reasons why the exposition has not been a success. Geographically it is badly located. San Francisco is out of reach of the man of ordinary means. It requires too much money and too much time to visit the coast.

The pluck and perseverance of the people of California must be admitted. Few cities could have

ITCHING ECZEMA IS DRIED RIGHT UP WITH SULPHUR

Use like cold cream to subdue irritation and clear the skin.

Any breaking out or irritation on the face, arms, legs and body when accompanied by itching, or when the skin is dry and scaly, can be readily overcome by applying a little bold-sulphur, says a noted dermatologist.

He informs us that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While it never fails to subdue the itching irritation and drive the Eczema away and it is often years later before any eruption again appears.

Those troubled should obtain from any druggist an ounce of bold-sulphur, which is applied to the affected parts in the same manner as an ordinary cold cream. It isn't unpleasant and the prompt relief afforded, particularly in itching Eczema, proves very welcome.

What a Beautiful Color!

MAXWELL HOUSE COFFEE

A rich and mellow blend of exquisite flavor and absolute purity.

In Sealed Tins at the Better Groceries.

Cheek-Neal Coffee Company,

NASHVILLE HOUSTON JACKSONVILLE

accomplished so much in such a short space of time. New Orleans, the logical point for such an exposition, was outdistanced early in the race.

For the energy shown the whole country honors San Francisco. A splendid example of thrift and enterprise was shown. San Francisco people, however, overstepped themselves. They expected too much and was entirely too clannish to succeed. The city has exhibited the spirit of a close corporation. No one can do business in San Francisco who has not been a resident of the state two years. This is a bad law to begin with, and turned many people away from the exposition. The decision not to advertise in the newspapers of the country was another bad idea. The absolute lack of business management is the responsible cause.

The concessionaires were the first to feel the effect of the coming failure. Like rats deserting a sinking ship they began to leave the joy zone early in the summer. But few remain.

To blame the failure on the European war is folly. The exposition would have failed even in times of peace. The clannish and exclusive policy of the coast people is antagonistic to enter price.

It is a matter of national regret that the exposition has not been a success, for it will probably be the last great world's fair this country will ever have.

John Pilcher, of Chipley, Fla. is here today.

GOOD ROADS MEET FOR BIRMINGHAM

Mobile, Ala., Aug. 12.—President John Craft of the Alabama Good Roads association, announced today that that body has accepted the invitation of the city of Birmingham to hold their meeting there on October 12-13. The meeting, according to President Craft, will be the most important held in years.

Happenings In Ashford, Alabama & Surrounding Territory

Dothan Eagle Bureau—Fellows & Forrester's Store
Edited by Geo. W. Collins

Mr. Tennille of Dothan, the Dodge automobile man, was an Ashford visitor last night.

Messrs. G. E. Jackson, B. A. and V. C. Bruner and Prof. C. F. Cassidy went to Dothan yesterday.

Mr. S. E. Parrish, a flour man, living at Sanson, Ala., was in our city yesterday.

The Archane Club was delightfully entertained by Miss Allie McIntyre on Wednesday afternoon from four till six o'clock.

VET HAS PLAYED GAME FOR FIFTEEN YEARS

G. A. L. DIONNE.

New York, Aug. 12.—"Youth must be served," and he frequently is if he happens to don tennis flannels and opposes G. A. L. Dionne on the tennis court. Although rounding out his fifteenth year at the nets Dionne is still able to cope with the best of them. He is allied with the West Side Tennis Club, which stages the national tournament the last of this month on their courts at Forest Hills, Long Island.

Dionne joined the West Side organization fifteen years ago, a few years after the club was first organized and had their courts at eighty-ninth street, where large apartment houses now stand. He has played in all the important tournaments during the past few years with the exception of the Newport and Southampton meets. At present he holds two logs on the Field and Marine Club cup and one each on the cups annually contested for at Bronxville and the Siwanoy Country Club or Mount Vernon. In 1913 he was elected captain of the club and held the same position last year. He also supervised the erection of stands and the conditioning of the courts for the Davis tournament last year.

Dionne has been very active this year, having played in the Middle States, Metropolitan, Long Island and Bronx tournaments and the invitation tournaments at Sleepy Hollow Country Club, the Country Club of Westchester and the Edgemere Club. In all of these he made an excellent showing. Dionne is not a flashing star, but he plays a good steady game, is always well up in the finals, and is about the most reliable player in the country today. He never shows a highly brilliant streak, but he never slumps. He plays the game for the pure love of the sport.

Camel CIGARETTES

Don't tire your taste, don't bite your tongue, don't parch your throat!

Made of blended choice Turkish and choice Domestic tobacco. Camels are preferred over either kind of tobacco smoked straight.

Smooth and delightfully mild, yet having abundance of "body," Camels stand the test when compared with any brand sold at any price!

Cost of choice tobacco blended in Camels prohibits the use of coupons or premiums.

CAMELS sell 20 for 10c. If you don't want to supply you, send 10c for one package or \$1.00 for a carton of ten packages (200 cigarettes), sent postage prepaid. If after smoking one package you are not delighted with CAMELS, return the other nine packages and we will refund your dollar and postage.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

After an hour and a half of work tea and sandwiches were served. Those present were Misses Winnie Sellers, Martha Rigell, Mary and Emmie Strong, Willie Mae Rollins, Audrie Bruner, Lila Garrett, Eddie Mathews and Nola Manley. The Archane club will meet with Miss Winnie Sellers next Wednesday afternoon.

In compliment to Miss Emmie Strong, a pretty Blakely girl, who is visiting her aunt here, Mrs. S. M. Strong, the Ellis Drug Co. delightfully entertained on last Wednesday evening.

Throughout the evening music was rendered by Miss Winnie Sellers accompanied by Dr. C. A. Glover with the violin and Mr. B. H. Brasswell with the mandolin. Miss Mary Evelyn Strong also rendered quite a number of selections, after which a delightful ice course was served.

Those present were Mesdames E. P. Garrett and R. M. Jacobs, Misses Winnie Sellers, Mary Evelyn Strong, Emmie Strong, Martha Rigell, Nola Manley, Gladys Manley, Lila Garrett, Willie Mae Rollins, Allie McIntyre and Audrie Bruner. Messrs Henry Elms, Henry Garrett, R. M. Jacobs, Arthur Bradshaw and Dewitt Williams.

Mr. M. M. Holman of Ozark, was here yesterday.

Mr. Charley Stokes, a live-stock dealer of Ozark, was transacting business in our city yesterday.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more howling, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuff-up with a cold or nasty catarrh—Relief comes so quickly.

fever at his home on Church street, and his father, N. S. Fellows, esq., is taking care of the store.

Miss Jessie Fellows and her brother Will, were in town yesterday.

Mr. J. C. Warden, Jr., came down last night to deliver a Ford that he had sold to one Mr. T. B. Holloway, living two miles south of town.

Lots of cotton is being brought in now and it is bringing seven cents right along, and it is hard to say whether such prices will sober up tight times or not.

Mr. J. T. Hopkins, prominent citizen of Mount Zion section, spent yesterday in our city and was the guest of Mr. and Mrs. Curtis Owens.

Mr. F. L. Fellows, who was sick during yesterday is at his post again this morning.

Mrs. Maudie King visited in our city yesterday.

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKETS, 354 8th Avenue, West, Cedar Rapids, Iowa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dizziness, impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly headed by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

THE BEST

is the

CHEAPEST

How often you hear that said about shoes, or clothes, or food.

It's much more true when applied to drugs and drug-store merchandise—on most of which far more vital things depend than mere good looks or pleasure.

Did you ever think of that? When health—perhaps life itself—is in question, the best is not only the cheapest—it's the SAFEST.

You always get THE BEST from us—and it's always the cheapest too, because it always gives the BEST POSSIBLE RESULTS.

And it costs you no more—usually less—than elsewhere.

EASY TO DARKEN

YOUR GRAY HAIR
You can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home, is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. 12

Friends of Bill McMichael will be sorry to learn that he had to undergo an operation for appendicitis at a local infirmary Thursday night.

L. L. Eubanks, who has been in bed for several weeks with typhoid fever has sufficiently recovered to be able to sit up.

Breakfast Bacon, 30c pound at Bush Grocery Co. Phone 28. 11

J. T. Hodges of Cottonwood, was here today on business.

CALOMEL WHEN BILIOUS? NO! STOP! 'MAKES YOU SICK' AND SALIVATES

"Dodson's Liver Tonic" Is Harmless To Clean Your Stagnant Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.
Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tonic tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50-cent bottle of Dodson's Liver Tonic. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.
I guarantee that one spoonful of Dodson's Liver Tonic will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tonic will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Judson College

MARION, ALABAMA

JUDSON COLLEGE was named in honor of Ann Hassel-tine Judson, the first American woman to go as a foreign missionary.
Judson College has been a leading factor in the education of women for more than three-quarters of a century. Judson College maintains its high rank. Its teachers come from the best colleges and universities, and its graduates are distinguished for their character and worth. Judson College presents superior advantages in Music, Art, Expression, Home Economics and Education. Judson College has a new and thoroughly equipped department of Domestic Science and Domestic Art. Judson College adds this year a new department, the School of Education. Judson College graduates are granted the right to teach in Alabama schools without examination. Judson College welcomes inquiry and investigation. For catalog and other information address,
PAUL V. BOWEN, President, MARION, ALABAMA.

A CERTAIN JOY.

A certain joy unto my window all.
Came singing, through the morning yesterday.
I scarce dared smile, so still I sat,
so still—
Yet it did not fly away.

There, when my red-cheeked neighbor opposite
Had spread—ah, craftily!—her rose-hid snare,
So still I sat, I heard loud delight
What time she trapped it there.

The night comes on—I ponder many things—
Ah, better far that joy should fly away
Than hold it thus with bruised and broken wings
And, crippled, bid it stay.
—Theodosia Garrison.

Miss Paulk Entertains in Honor of Miss Irma Pittard
In company to Miss Irma Pittard, a pretty Mobile girl, who is visiting Mrs. H. H. McNeill, Miss Leola Paulk entertained delightfully Thursday evening.

The home on South St. Andrews was prettily decorated in clusters of yellow daisies and clematis. The bowl from which iced punch was served by Mrs. Charles Blaum and Mrs. Ralph Ghent, was prettily arranged in vines of trailing clematis.

After several interesting games of Hook, the cards were removed and a delightful ice course served. Miss Paulk was assisted in entertaining by her mother, Mrs. Ben Paulk, Mrs. Blaum, Mrs. Ralph Ghent and Mr. and Mrs. M. A. Williams.

The guests were Miss Irma Pittard, Miss Ennoce Crymes, Miss Annie Saxon, Miss Estelle Green, Miss Evelyn Harris, Miss Blanche Couch, Miss Iona Peterman, Miss Nell Green, Miss An-

Sweet Dreams Is Highly Recommended For Keeping Mosquitoes Off—15 Cents

In every Sweet Dreams is a mosquito and in efficiency there is a marvel. These two virtues of the most famous mosquito net made your bed a place to order patronage. At every big drug store, you will learn more.

nie Howell Jordan. Messrs: Emilie McKenzie, H. A. Hicks, Frank Culver, Jake Fortner, Paul Clendinen, George Cotton, P. O. Chandron, H. A. Denton, Felix Leslie, Carl Simonton, Holt Simonton, Bruce Dickerson, Roy Hill,

and Mr. Roddenry. **Surprise Party**—

Surprise parties seem to be the most popular kind this summer and one that was thoroughly enjoyable was given on Thursday evening when a number of the younger crowd "surprised" Miss Ray Strickland and her guest, Miss Emma Griffith.

Included in the party were Miss Irene Lisenby, Miss Mary Jeter, Miss Eunice Williams of Ashford, Miss Lennie Strickland, Miss Lillie Mae Jones, Miss Elizabeth Lathram of Luverne, Miss Nellie Williams of Graceland, Fla., and Miss Julia Tatum. Messrs: Joe Wilson, Anna Blanchard, Alex Carleton, Ben Hill, Horton Lisenby, Marion Merritt, H. G. Ennis, Wallace Hunter, Frank Page and Agnew Stapleton.

Fashion's Details Shown On Every Side.

Stripes are one of the prominent features of the summer fashions, as things have developed. Striped hats and striped parasols, striped handbags, petticoats and frocks, striped sweaters and coats, striped collars and cuffs and girdles—they are all in abundant evidence. The wide, so-called awning stripe is the

SOAP IS BAD FOR THE HAIR

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.
The best thing for steady use is just ordinary multifid coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.
One or two spoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.
You can get multifid coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

smartest, although sometimes a narrow stripe is effectively used. **Combined with Plaid Fabric.**

The most noticeable use of stripes is in combination with a plain material the color of the stripe. There are many charming midsummer frocks made of striped and plain cotton voile, with little jackets or bodices of the plain material piped or bound or banded with a bias strip of the striped material, which is likewise used for the skirt, sometimes for the sleeves if the jacket or bodice be of bolero or jumper propensity.

Girdle and Collar Sets.

Everything this summer is in sets that can be so arranged. Like the sets of muff, collar and toque last year, made up of velvet, fur and chiffon, there are summer sets of brimmed hat, parasol and handbag, of bolero jacket and girdle, of collar, cuffs and girdle, of coat and hat—sets of every combination of the details of woman's dress. Some times these sets are made up in taffeta, sometimes in cretonne, sometimes in ribbon, or organdie or any other material suited to the requirements of the accessories included.

Printed Edge On Veil.

Pretty automobile veils are made of white chiffon with colored borders printed in conventional designs. One shows a simple design in apple green, made up of a series of crossed clover leaves. It is especially pretty worn with a white hat banded with a green and white band.

Chenille Spotted Ruffs

Ruffs are much worn this summer with one piece frocks and coat suits, and many are the methods in which tulle is made into these dainty little neck accessories. One pretty ruff is made of navy blue and tulle showing big chenille dots of blue.
